

PEDIATRIC HEALTH CARE CENTER

A GUIDE FOR NEW PARENTS

INTRODUCTION

Pediatric Health Care Center is a website on Child medical management in India that helps parents keep track of the health history and needs of their children .

A parent has to register the child on the website of the Pediatric Health Care Center and an appointment calendar is generated for that child.

For emergencies , 24/7 on duty Doctors are available.

Doctors can be booked for general checkups.

Scheduled reminders for appointments are sent on the registered mobile number of the parent by way of SMS. These SMS are sent a day in advance of the due date of the appointment.

The child can be registered by the parent/guardian , and the health center updates all medical records for the patient using the registered unique ID of the parent . Medical history are thereby digitalized making a parent free from keeping manual diagnosis records of the child.
